Menu guide

This menu preserves all 114 entries currently published in the merchant's DoorDash menu: 19 main-food items, 8 bakery items, 59 pantry products, 6 kava-related products and 22 drinks. These are Australian-dollar platform prices. They may differ from in-store prices; delivery and service fees, availability and final charges can vary. No currency conversion has been applied.

The last page includes the 26 published size choices for eight food items. Listed starting prices are not prices for every size. Optional recommendations are separate sides, desserts and drinks from this menu, rather than included ingredients. Names and package sizes follow the merchant's listing; ask staff to confirm portions and ingredients.

Kava at the venue

The business identifies itself as an Island-food restaurant and kava bar, with kava gatherings at its Granville shop. The retail menu lists Sydney Kava powders and kava accessories. Current prices, serving volumes, cultivar and active-ingredient amounts for prepared kava at the bar are not verified. Packaged powder prices are not drink-serving prices.

The A\$8 item labelled "Kava Bowl" does not reliably establish whether the order contains a drinking vessel or a prepared drink; confirm contents before ordering. "Lamb Flaps" is listed at A\$3.00, but the portion is unclear; confirm the portion and price with the venue. These items are marked with an asterisk in the tables.
